<b>Subject:</b>	Wythe Arts Council, Ltd. - Downtown Art Walk

**SUMMARY:**

Please find enclosed the request of the Wythe Arts Council, Ltd. to close Main Street from Fourth Street to First Street to conduct a Downtown Art Walk on Saturday, August 27, 2016, from 11:00 a.m. to 5:00 p.m. Town staff anticipates no problems with the approval of this request.

# DOWNTOWN ART WALK – AUGUST 27

## ART

The goal of this event is to showcase local and regional artisans and crafters in Downtown Wytheville.

We would like to encourage artisans to sell and demonstrate their craft, and Downtown merchants to participate by opening their businesses to the extra foot traffic on Main Street.

Plan to have Black Horse Artisan Guild and Jen Otey assist with locating and attracting vendors. Charge \$20 per booth to keep costs low for vendors. Work to provide 10x10 tents for artisans that might not have their own.

## MUSIC

We plan to recruit musicians to perform along the street throughout the event. Encourage businesses to sponsor performances at \$50 per hour, per act.

Jen Otey would like to head up the music portion of the event.

### Acts to Approach

Adam Musik  
Nate Montgomery  
Tom Moore  
Davis & Dawson Little

Ron Ireland  
Frank Emerson  
Jim Lloyd  
Wohlfahrt Haus Dinner Theatre

## FOOD & BEER

Contract with around 4 food trucks to participate during the event for 10% of their sales.

**Food Truck Considerations** – Jessica Martin has created a list of local food vendors

Creole That Food Truck (Blacksburg)	Wood fired pizza?
Thai This Food Truck (Christiansburg)	Tacos?
Wolfe's BBQ Food Truck (Marion)	Desert food trucks?
BBQ Treat Food Vendor (Wytheville)	4H
Smokey's BBQ Food Vendor (Wytheville)	

### Drinks

The Wythe Arts Council would sell soft drinks and water.

Reach out to local breweries to see if they would be interested in setting up along Main Street. Check with ABC about beer distribution. We may have to go with a distributor and cheaper beer to stay within our budget.

Creek Bottom Brews (Galax)  
Damascus Brewery (Damascus)

We would like to run the event until 4 or 5pm. We hope to close down Main Street from 4<sup>th</sup> to 1<sup>st</sup> Street, with artisans set up on the sidewalks and food trucks parallel to sidewalks in parking spaces.

**SUMMARY:**

- a. Overview of meeting with the Wythe County Rescue Squad
- b. Approval for the submission of applications for funding for museum projects

## **BUDGET AND FINANCE COMMITTEE REPORT**

**JULY 11, 2016**

1. At our Work Session last week, we met with representatives from the Wythe County Rescue Squad who explained in some detail the problems they were facing with their operations. The most significant difficulty they face is the lack of adequate vehicles to perform their work. They noted that all of their vehicles, with the exception of one, were either broken or out of service. They stated that the existing vehicle that was in service was not trustworthy to travel at any extended length. The representatives noted that the vehicles were owned by Wythe County, and the Rescue Squad was responsible for paying the maintenance expenses associated with the vehicles. The representatives advised that it was a serious situation, and, because of the lack of adequate vehicles when the one ambulance was on a call, they, obviously, could not respond to a second call at the same time. The Rescue Squad members noted that in these situations, previously, the calls have been handled by Guardian Ambulance Service or one of the County rescue squads. It was noted that all ambulance and rescue squads were now facing increased financial problems because of the decreased amount of reimbursements received from government programs. The representatives stated that, hopefully, they could apply for grant funds this fall to purchase a vehicle but were not confident that they would be awarded the funds. They, also, noted that it was possible to lease an ambulance for a seven year period at approximately \$1,900 per month. The Rescue Squad representatives advised that their mission in providing this update to the Council was to make sure that

everyone was aware of the very serious situation that exists with the lack of adequate equipment. We believe that this is a very serious topic and one we would like to discuss with Wythe County officials. We think that it would be helpful to arrange a meeting with the County's Fire and Rescue Squad Committee to see if there is some way in which this problem can be corrected.

2. Director of Museums Frances Emerson conducted a presentation at our last Work Session about a proposed project that would add enhancements to the existing museum system properties. These concepts include the construction of a small building that would be used as a gunsmith shop and a second small structure that would be used on the property of the Rock House Museum to provide workshops and nutritional training for various foods. Both of these plans are now being reviewed by a consulting engineer who should have the final report and cost estimates in the very near future. In the meantime, Director Emerson has asked that the Council authorize applications to various funding agencies where monies might be obtained to be used for the construction projects. Director Emerson noted that these agencies may include the Virginia Tourism Corporation, the Wythe-Bland Foundation, the Appalachian Regional Commission and the Tobacco Commission. We think that all of her efforts in obtaining these grant funds should be pursued, and the Budget and Finance Committee would move to authorize the Town Manager to execute any of the applications needed for any of these processes.

<b>Meeting Date:</b>	Monday, July 11, 2016
<b>Item Name:</b>	Committee Reports
<b>Item Number:</b>	I-2
<b>Subject:</b>	Public Works

**SUMMARY:**

The Public Works Committee will report on the following matters:

- a. Hunting permits on Town-owned land on Sand Mountain
- b. Downtown improvements contract executed

## **PUBLIC WORKS COMMITTEE REPORT**

**JULY 11, 2016**

1. For a number of years, the Town has permitted hunting to occur on the Town-owned land on Sand Mountain. Because of the volume of requests that is received, it was determined that the number of permits to hunt on this land would be restricted to 50. Each year, we give public notice of opportunity for hunters to make application to hunt on this land, and the 50 successful candidates are chosen by lottery. People who receive a permit to hunt on Town-owned land must be Wythe County residents and comply with all Department of Game and Inland Fisheries' rules and regulations. We believe that the regulations that we have in place have been effective and would suggest that the same regulations be imposed on the hunters for the upcoming season. It would be the recommendation of the Public Works Committee that we continue the hunting program on Sand Mountain under the regulations that were in place last year and that public notification be given of the opportunity to make application for such a permit.
2. A preconstruction meeting was held with DCI Shires, Incorporated, who was the successful bidder in performing the construction work in the downtown area. DCI Shires, Incorporated and all of their subcontractors were present for the meeting. A variety of topics were covered including the sequencing of construction and other technical information required by the Department of Housing and Community Development. The contracts with DCI Shires, Incorporated have now been

executed, and the Notice to Proceed will be issued for July 18, 2016. Thereafter, the contractor will be free to commence work. The contractor is only going to work in limited sections of downtown at any one time, probably three or less blocks at any given time, and the work will be performed only on one side of the street at a time. We are preparing to have meetings with all of the property owners along Main Street before the construction occurs in front of their property. This construction period will probably take through fall 2017 to complete.

As somewhat of a related topic, we would like to congratulate Downtown Wytheville, Incorporated and the Town of Wytheville Parks and Recreation Department for the outstanding Fourth of July activities. Fortunately, the rain held off until the completion of all of the activities, including the fireworks. Also, we would like to express our appreciation to the Public Works Department and the Town of Wytheville Public Safety Department for their efforts in securing the downtown area and in the Elizabeth Brown Memorial Park.

*Keep the Faith,*

*Joe "Chicken Joe" Connors  
Route Coordinator  
Southern Route, RFTW 2016*

Mayor Crewe stated that a check was enclosed from Southern Route Run for the Wall for \$500. He noted this was a very nice gesture, and the Council appreciates the donation. Mayor Crewe commented that he would submit the donation to the Town Treasurer for the War Memorial, and it would help a lot.

5. Mayor Crewe advised that the other matter of Old Business is more difficult and with sadness. He presented to the Council a resolution for Councilman Lambert that in relevant part read:

**WHEREAS**, *the Town Council of the Town of Wytheville here seated desires to express its appreciation for the service of Councilman H. Judson Lambert to the Wytheville Town Council; and,*

**WHEREAS**, *Councilman Lambert is deserving of meritorious recognition by the Town Council and the citizens of the Town of Wytheville; and,*

*Adopted this 27th day of June 2016.*

Mayor Crewe inquired of the Council if there was a motion to adopt the resolution recognizing Councilman H. Judson Lambert for his service to the Town of Wytheville. A motion was made by Vice-Mayor King and seconded by Councilman Hundley to adopt the resolution recognizing Councilman H. Judson Lambert for his service to the Town of Wytheville. Mayor Crewe inquired if there was any discussion on the motion to adopt the resolution. There being none, the motion was approved with the following voting in favor and there being no opposition: For: Trenton G. Crewe, Jr., Jacqueline K. King, H. Judson Lambert, William B. Weisiger, Thomas F. Hundley. Against: None.

Mayor Crewe stated that the Town Council will miss Councilman Lambert and really appreciated everything he has done over the years. He reiterated that the Council thanks Councilman Lambert very much. Councilman Lambert remarked that he is certainly going to miss the other Council members, as well, because this has been a very pleasant experience for him. Councilman Hundley stated that it had been for the Council, too, and they will cherish the time they had together. Vice-Mayor King presented Councilman Lambert with his personalized coffee cup from the Council Work Session meetings. She noted that she would miss him. Councilman Lambert thanked Vice-Mayor King. Vice-Mayor King remarked that Councilman Lambert had been a wonderful friend and had provided lots of expertise while serving on the Council. Mayor Crewe presented the resolution to Councilman Lambert, and Town staff took photographs.

## **RE: BUDGET AND FINANCE COMMITTEE REPORT**

Councilman Weisiger, reporting for the Budget and Finance Committee, stated that later in the meeting, the Council will consider, on third and final reading, the adoption of the budget for Fiscal Year 2016-17. He explained that the Budget Ordinance that has been approved on the two prior readings has not been revised during any of the readings. Councilman Weisiger remarked that when the ordinance is considered later in the meeting, it would be the recommendation of the Budget and Finance Committee that it be adopted on third and final

reading and become effective July 1, 2016. He stated, also, at the last meeting of Council during any fiscal year, it has been the practice of the Council to authorize the Town Treasurer to make line item revisions to the current budget, which allow him to use funds from categories from leftover revenues for categories where revenues may have been short. Councilman Weisiger advised that it is the recommendation of the Budget and Finance Committee that the Council authorize the Town Treasurer to make these revisions. He noted that, finally, the Council has received a request from the Department of Museums to transfer funds from the Lions Club Donation Fund into the General Fund to pay for a touch television screen, which will be used for 3-D exhibits in the Boyd Museum. Councilman Weisiger advised that, likewise, the Budget and Finance Committee would recommend that the request to move \$1,976.46 be approved. Mayor Crewe stated this motion from the Budget and Finance Committee will have three parts. He noted that the Council will consider the budget part when they consider the ordinance, but the other two parts will be taken as a motion with one for the Council to authorize the Treasurer to make the necessary line item revisions to the current budget, which does not change anything in the totals. He noted that it only changes the line items. Mayor Crewe explained that the second part of the motion would be for the Council to authorize the Town Treasurer to transfer money from the Lions Club Donation Fund to the General Fund to be used by the Department of Museums to pay for the television screen. He noted that the transfer amount would be \$1,976.46. Mayor Crewe stated those are the two items in the motion from the Budget and Finance Committee. A motion was made by Councilman Weisiger and seconded by Vice-Mayor King to authorize the Town Treasurer to make the necessary line item revisions to the Fiscal Year 2015-16 budget, and to transfer \$1,976.46 from the Lions Club Donation Fund to the General Fund to be used by the Department of Museums. Mayor Crewe inquired if there was any discussion on the motion to make the necessary line item revisions to the Fiscal Year 2015-16 budget. There being none, the motion was approved with the following voting in favor and there being no opposition: For: Trenton G. Crewe, Jr., Jacqueline K. King, H. Judson Lambert, William B. Weisiger, Thomas F. Hundley. Against: None.

Councilman Weisiger, also, reported that as everyone is aware, the Town will be having a special election to elect a new member of Council to fill the remaining term of former Councilman Jack W. Hunley. He explained that the need for a special election is set forth in the Town Charter that provides when a vacancy occurs, an interim appointment can only be made until the next regularly scheduled election. Councilman Weisiger stated the Council believes that it would be far simpler to amend the Town Charter and provide that a person who is selected by the Council to fill a vacancy would serve the full term of the seat that has been vacated. He expressed that the process in making a change to the Town Charter begins with conducting a public hearing and then a subsequent action by Council to submit the proposed change to the General Assembly. Councilman Weisiger noted that any change to the Town Charter must be approved by the General Assembly. He advised that setting the date for the public hearing will be considered later in the meeting. A copy of the Budget and Finance Committee report is attached and made part of these minutes.

#### **RE: PUBLIC WORKS COMMITTEE REPORT**

Councilman Hundley, reporting for the Public Works Committee, stated that as it was reported at the last meeting, bids were received for construction work to be performed in the downtown area. He explained that the low bidder was DCI/Shires, Incorporated at a bid of \$2,817,000. Councilman Hundley remarked that the contract documents have now been forwarded to DCI/Shires, Incorporated for their execution and for the submittal of all required documents such as certificates of insurance and performance bonds. He explained that the Town anticipates these documents to be received any day. Councilman Hundley stated that upon their receipt, it will be necessary for the Town Manager to execute a number of documents associated with this construction project. He noted that in an effort to move this project along as smoothly as possible, the Town will have a pre-construction conference with the contractor tomorrow, June 28, 2016, at 10:00 a.m. Councilman Hundley explained that at this meeting, Town staff will go through all of the questions about the sequence of construction and the Town's expectations on how the project will move forward. He advised that, also, the Town should, at that time, receive a schedule of how the contractor will want to approach the various components of the work. Councilman Hundley explained that this improvement project has been a number of years in the making, but, it is now actually about to become a reality. Town Manager Sutherland inquired of Mayor Crewe if he could follow up in regard to this report. Mayor Crewe stated for Town Manager Sutherland to proceed. Town Manager Sutherland explained that the Town did, in fact, receive the contract documents earlier in the day, and subject to the review of the performance bond and certificate of insurance by Mr. Kaase, the Town is ready to proceed.

Councilman Hundley, also, reported that the Wytheville Redevelopment and Housing Authority had a groundbreaking ceremony last Tuesday at the site on Peppers Ferry Road where the new Freedom Lane housing project will be developed. He explained that this housing stock will primarily serve disabled veterans, and, because of its location, it will have access within walking

distance to many programs and medical and retail facilities that may be needed by a disabled person. Councilman Hundley remarked that excavation on the project will commence this week and will be performed utilizing grant funds obtained by the Town of Wytheville from the Department of Housing and Community Development. He stated it is anticipated that it will take approximately one year for the project to be completed. Councilman Hundley noted that the Town Council would like to congratulate the Housing Authority on pursuing this housing for the Town's Veterans. A copy of the Public Works Committee report is attached and made part of these minutes.

Mayor Crewe remarked that he thinks this housing development will be a wonderful addition to the Town of Wytheville. Councilman Hundley stated that he would like to, also, make a couple of comments and say what a privilege and honor it has been to serve with Councilman Lambert on the Public Works Committee. He noted that the Council will definitely miss Councilman Lambert. Councilman Hundley remarked that Councilman Lambert has been a hero to him, personally. Councilman Lambert commented that he would like to thank Councilman Hundley for the kind words.

**RE: ORDINANCE NO. 1308**

Mayor Crewe presented Ordinance No. 1308, the Budget Ordinance for Fiscal Year 2016-17, on third and final reading. He stated the ordinance comes before the Council on a recommendation of the Budget and Finance Committee that it be adopted on third and final reading. A motion was made by Councilman Weisiger and seconded by Vice-Mayor King to adopt Ordinance No. 1308, the Budget Ordinance for Fiscal Year 2016-17, on third and final reading. Mayor Crewe inquired if there is any discussion on the motion to adopt the ordinance on third and final reading. Town Manager Sutherland noted that he is sure the Mayor is aware, but he would like to advise everyone that there are no tax or fee increases included in this budget. He explained that the budget, as the Council has discussed before, includes a two percent payroll increase for employees, and, it also includes a modest increase in the Council's salaries. Town Manager Sutherland stated that the budget is exactly the way it has been presented for the last two readings. Mayor Crewe inquired if there was any further discussion on the motion to adopt the ordinance on third and final reading. There being none, the motion was adopted with the following voting in favor and there being no opposition:

FOR: Trenton G. Crewe, Jr., Jacqueline K. King, William B. Weisiger, H. Judson Lambert, Thomas F. Hundley

AGAINST: None

ABSTENTIONS: None

Ordinance No. 1308 was adopted on third and final reading.

**RE: ORDINANCE NO. 1309**

Mayor Crewe presented Ordinance No. 1309, an ordinance amending and reenacting Ordinance No. 640, generally known as the Zoning Ordinance, Article VI-M - Residential District R-1M, Sections 6-2.7M and 6-9.8M, on third and final reading. He explained that this ordinance reenacts portions of the Zoning Ordinance, Ordinance No. 640, to amend Article VI-M - Residential District R-1M, which is the ordinance that the Council removed the wording for the Board of Architectural Review. He inquired of Town Manager Sutherland if that is correct. Town Manager Sutherland stated that is correct. Mayor Crewe commented that this amendment is only housekeeping because something was overlooked when the ordinance was previously revised. He inquired if there is a motion to adopt Ordinance No. 1309 on third and final reading. A motion was made by Councilman Hundley and seconded by Councilman Weisiger to adopt Ordinance No. 1309, an ordinance amending and reenacting Ordinance No. 640, generally known as the Zoning Ordinance, to amend and reenact Article VI-M - Residential District R-1M, Sections 6-2.7M and 6-9.8M, on third and final reading. Mayor Crewe inquired if there is any discussion on the motion to adopt the ordinance on third and final reading. There being none, the motion was approved with the following voting in favor and there being no opposition:

FOR: Trenton G. Crewe, Jr., Jacqueline K. King, H. Judson Lambert, Thomas F. Hundley, William B. Weisiger

AGAINST: None

ABSTENTIONS: None

Ordinance No. 1309 was adopted on third and final reading.

**RE: PROPOSED REVISION TO TOWN CHARTER**

Mayor Crewe advised the next agenda item is to set a public hearing to consider an amendment to the Code of the Town of Wytheville, Part 1. Charter, Section 2. Council generally, that will state, "Vacancies in the office of mayor or on council shall be filled by majority vote of the remaining members, and the person so elected shall serve the remainder of the unexpired term." He stated it is necessary to conduct a public hearing on this matter, and unless someone objects, the Council can meet the necessary required advertising deadlines, and the public hearing could be held at the July 25, 2016, Council meeting. It was the consensus of the Town Council to conduct a public hearing to consider an amendment to the Code of the Town of Wytheville, Part 1. Charter, Section 2. Council generally, that will state, "Vacancies in the office of mayor or on council shall be filled by majority vote of the remaining members, and the person so elected shall serve the remainder of the unexpired term." at the July 25, 2016, Council meeting at 7:00 p.m.

**RE: COUNCILMAN LAMBERT – CLOSING REMARKS**

Vice-Mayor King stated that she has enjoyed serving on the Town Council with Councilman Lambert. She remarked that she thinks all of the Council members enjoyed serving with him. Vice-Mayor King commented to Councilman Lambert that she would like for him to return to see the Council members soon. She expressed that they will miss him. Councilman Lambert stated that he will return to future meetings to stay current on matters within the town. Mayor Crewe commented that it has been a pleasure serving with Councilman Lambert, and, as he stated before, he thinks there are other ways the Town Council can use Councilman Lambert's expertise and skills in the future. He reiterated that the Town Council appreciates him immensely.

**RE: ADJOURNMENT**

There being no further business to be discussed, a motion was duly made, seconded and carried to adjourn the meeting (7:17 p.m.).

## **BUDGET AND FINANCE COMMITTEE REPORT**

**JUNE 27, 2016**

1. Later this evening, the Council will consider, on third and final reading, the adoption of the budget for Fiscal Year 2016-17. The Budget Ordinance that has been approved on the two prior readings has not been revised during any of the readings. When the ordinance is considered later in the meeting, it would be the recommendation of the Budget and Finance Committee that it be adopted on third and final reading and become effective July 1, 2016. Also, at the last meeting of Council during any fiscal year, it has been the practice of the Council to authorize the Town Treasurer to make line item revisions to the current budget, which allow him to use funds from categories from leftover revenues for categories where revenues may have been short. It is the recommendation of the Budget and Finance Committee that we authorize the Town Treasurer to make these revisions. Finally, we have received a request from the Department of Museums to transfer funds from the Lions' Club Donation Fund into the General Fund to pay for a touch television screen, which will be used for 3-D exhibits in the Boyd Museum. Likewise, we would recommend that the request to move \$1,976.46 be approved.
2. As everyone is aware, the Town will be having a special election to elect a new member of Council to fill the remaining term of former Councilman Jack W. Hunley. The need for a special election is set forth in the Town Charter that provides when a vacancy occurs, an interim appointment can only be made until

the next regularly scheduled election. We believe that it would be far more simple to amend the Town Charter and provide that a person who is selected by the Council to fill a vacancy would serve the full term of the seat that has been vacated. The process in making a change to the Town Charter begins with conducting a public hearing and then a subsequent action by Council to submit the proposed change to the General Assembly. Any change to the Town Charter must be approved by the General Assembly. Setting the date for the public hearing will be considered later in the meeting.

## **PUBLIC WORKS COMMITTEE REPORT**

**JUNE 27, 2016**

1. As it was reported at the last meeting, bids were received for construction work to be performed in the downtown area. The low bidder was DCI/Shires, Incorporated at a bid of \$2,817,000. The contract documents have now been forwarded to DCI/Shires, Incorporated for their execution and for the submittal of all required documents such as certificates of insurance and performance bonds. We anticipate these documents to be received any day. Upon their receipt, it will be necessary for the Town Manager to execute a number of documents associated with this construction project. In an effort to move this project along as smoothly as possible, the Town will have a pre-construction conference with the contractor tomorrow, June 28, 2016, at 10:00 a.m. At this meeting, we will go through all of the questions about the sequence of construction and our expectations on how the project will move forward. Also, we should, at that time, receive a schedule of how the contractor will want to approach the various components of the work. This improvement project has been a number of years in the making, but, it is now actually about to become a reality.
2. The Wytheville Redevelopment and Housing Authority had a groundbreaking ceremony last Tuesday at the site on Peppers Ferry Road where the new Freedom Lane housing project will be developed. This housing stock will primarily serve disabled veterans, and, because of its location, it will have access within walking distance to many programs and medical and retail facilities that may be needed by a

disabled person. Excavation on the project will commence this week and will be performed utilizing grant funds obtained by the Town of Wytheville from the Department of Housing and Community Development. It is anticipated that it will take approximately one year for the project to be completed. We would like to congratulate the Housing Authority on pursuing this housing for our Veterans.
